

Day of Peace Display Board

Your Day of Peace Display Board is a creative representation of all your group's Roots & Shoots projects from the prior year. Your display board is an opportunity to visually educate others about the problems your group has identified and the actions you have taken to make a difference. Help us motivate others to become involved and be a part of change!

Day of Peace Display Board Contest!!

Enter your display board to be publicly recognized and win a prize. Boards will be judged on:

- 1) Clearly identified projects – the display clearly states what the project was and why it was a true community need.
- 2) Visual representations – lots of visual representations to help people understand what you did (photos, graphs, research, examples etc.)
- 3) Creative composition – Eye catching, fun and creative displays!
